

WHISPERSTRIKE

PRECISION SILENCE

WT22 (.22 CAL)

WT22 Suppressor: Precision, Silence, Durability

The **Whisperstrike WT22** is the ultimate suppressor for shooters demanding top-tier accuracy, lightweight design, and lasting durability. Engineered with cutting-edge technology, the WT22 offers ultra-quiet performance and easy maintenance, perfect for both recreational and professional use.

Advanced Design for Superior Silence

Using state-of-the-art gas flow simulations run on supercomputers, Whisperstrike crafted the WT22 to manage muzzle blast expertly. It strips hot gases from the projectile, cooling and reducing pressure for industry-leading sound suppression, minimal backpressure, and enhanced durability—often improving weapon accuracy.

Pioneering 3D-Printed Monocore

The WT22 is the first 3D-printed, serviceable monocore suppressor. Its monolithic baffle screws directly to the barrel, with an integrated end cap ensuring perfect alignment. The precision-engineered tube floats concentrically, delivering unmatched performance. Full-auto rated, it's the only 22LR-sized titanium suppressor that handles 5.7mm.

Unrivaled Accuracy

Whisperstrike's Symmetrical Gas Distribution Technology ensures even gas flow, eliminating inconsistencies for pinpoint accuracy, whether for precision shooting or high-volume fire.

Built to Last, Easy to Maintain

Crafted from lightweight, corrosion-resistant titanium, the WT22 is built for a lifetime of use. Its serviceable design, paired with custom tools, makes maintenance simple and hassle-free.

Why Choose the WT22?

- Ultra-Quiet: Industry-leading sound suppression.
- Enhanced Accuracy: Symmetrical design boosts precision.
- Lightweight & Tough: Titanium construction for durability without bulk.
- Versatile: Full-auto rated, handles 22LR to 5.7mm.
- User-Friendly: Easy to service with included tools.

The WT22 redefines suppressors with unmatched silence, accuracy, and durability. Elevate your shooting with the Whisperstrike WT22.

Caliber: .22 Cal
Construction: Ti64V ELI Grade 23
Diameter: 1"
OAL (w/ booster): 6"
Weight: 5.44oz
Attachments: Direct Thread
Colors available: Glacier Black, FDE,
OD Green, Tungsten
